*A breakout new teen novel by Carolyn Mackler, author of the Michael L. Printz Honor Book *The Earth, My Butt, and Other Big Round Things*, about the mysterious ways in which fate brings four teens together.*

Tangled

By Carolyn Mackler

Jena, Dakota, Skye, and Owen are all at Paradise—the resort in the Caribbean, that is—for different reasons, but in Paradise their lives become tangled together in ways none of them can predict. Over the course of four months, through four voices and four stories, what happened in Paradise will change them all.

In this extraordinary novel, the Printz Honor-winning author brings us her most accomplished work yet. *Tangled* is a story of the secrets we keep, the risks we take, and the things we do for love.

Praise for *Tangled*

"Well, there goes your weekend. You've just picked up Carolyn Mackler's *Tangled* and now you'll spend the next two days doing nothing but racing through her multilayered novel, following the coincidences and collisions between young people who are thrilled and sad, brave and scared, cracking up and cracking each other up, as they try to figure out who they are and where they're going. Cancel your plans. You're not going to want to be anywhere else." — *Daniel Handler, allegedly Lemony Snicket*
